WORK SUMMARY

PROGRAM TECHNICIAN

USDA Farm Service Agency | February 2020-January 2021

- Assist producers in Yolo County with applications to programs that they are eligible for through the 2018 Farm Bill
- Interpret program policies and use problem solving to ensure producers receive all of the assistance they are entitled to while working under program deadlines
- Create maps of farms and data associated with the farm such as crop type, planting pattern, etc.
- Maintain confidential information across several government databases
- Perform administrative tasks in a office and call center environment such as scheduling

ACADEMIC BACKGROUND

BA IN LIBERAL STUDIES

California State University, Chico | 2015-2019

THE COMPLETE WEB DEVELOPER COURSE

Zero to Mastery Academy | 2021

PROJECTS

Face Recognition App

- Created a web app that allows the user to sign into a personalized account and use a face recognition API that detects human faces in any image with an image URL uploaded by the user
- Built using React, Node.js, PostgreSQL, and an embedded API created by Clarifai

Shopping List App

- Created a web app that allows the user to enter items on their shopping list, and then either delete the item or cross the item out as they wish.
- Built using pure Javascript
